SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-07-21 and N-08-21**

On June 15th, the Governor terminated the executive orders that put into place the Stay Home Order and the Blueprint for a safer economy. He also phased out most executive actions put in place since March 2020 as part of the pandemic response, leaving a subset of provisions that facilitate the ongoing recovery. For more information visit: [Executive Order N-07-21](#) and [Executive Order N-08-21](#)

- **Executive Order N-09-21**

On 06/17/21, California revised Covid-19 Prevention Emergency Temporary Standards based on a vote by the Occupational Safety and Health Standards Board, to take immediate effect on 06/17/21. The updates include changes to face coverings and physical distancing requirements. More information on the revised Covid-19 Prevention Emergency Temporary Standards can be found in CAL/OSHA's Frequently Asked Questions: [Frequently Asked Questions](#)

- **CDPH Statewide Travel Advisory**

As of 06/15/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information: <https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Document%20Library/COVID-19/CA-is-Open-Travel-Guidelines.pdf>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

SITUATION SUMMARY

Situation Overview (Continued)

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 06/22/21 at 1700 hours:

- 179,696,026 (+2,495,334) total confirmed cases
- 3,891,297 (+58,951) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 06/21/21 at 1700 hours:

- 33,368,860 (+65,575) total confirmed cases
- 599,354 (+1,760) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 06/22/21 at 1700 hours:

- 3,704,640 (+6,713) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 06/21/21 at 1700 hours:

- 40,622,774 (+833,284) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

Cal OES INLAND REGION

Teviston CSD Water System Failure, Tulare County

On Monday, 6/14/21, Tulare County OES reported a water system failure in the community of Teviston, which has 110 service connections and a population of approximately 348.

- Tulare County OES coordinated the delivery of bottled water to each residence, which should provide enough water through the weekend and through the Excessive Heat Warning weather event. Participating agencies included several Tulare County departments, Self Help Enterprises, Community Services Employment Training (CSET), and Cal OES Inland Region.

City of Lemoore (Kings OA) Water Tank Explosion

On 06/21/21, one of the tanks at the City's Station 7 Water Facility Complex failed following a small explosion, causing 1.5 million gallons of water to dump and the loss of use of the Station 7. City of Lemoore proclaimed a local emergency. No requests for assistance at this time.

9-1-1 Outage/Remote/Community Isolation

- No 911 outages reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- A Red Flag Warning will be in effect today due to thunderstorms and gusty winds from 1200 to 2000 hours this evening for western Siskiyou County, Siskiyou Mountains, Western Klamath, Central Siskiyou, Modoc County, and the Shasta Trinity National Forest and the Cascades.
 - Wind gusts to 40 mph are possible in and near the thunderstorms.
- A Fire Weather Watch will be in effect today due to thunderstorms from 1200 hours to 2100 hours in the northern Sacramento Valley, Southern Tehama County, Northern Sierra Foothills including Nevada, Yuba, Amador and El Dorado Counties, northern Sierra including Lassen, and Plumas Counties.
- An Excessive Heat Warning will go into effect on Saturday, 06/26/21 and last into 06/29/21 in Siskiyou and Modoc County.
- An Excessive Heat Watch will go into effect on Saturday, 06/26/21 and last into 06/28/21 in the Sacramento Valley region, Colusa, Shasta, and surrounding foothills and mountains.
- An Excessive Heat Watch will go into effect on Saturday, 06/26/21 and last into 06/28/21 in Mendocino, portions of Humboldt, Lake, and Trinity Counties.
- An Excessive Heat Watch will go into effect on Sunday, 06/27/21 and last into 06/30/21 in Surprise Valley and in portions of Lassen and Plumas Counties.

SOUTHERN CALIFORNIA

- Elevated fire weather starting Friday 06/25/21 in the deserts due to low humidity and gusty winds. Will last through the weekend.

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

06/24/21 - 06/30/21

Wednesday - Tuesday

- Scattered thunderstorms will again redevelop along and east of the Sierra and across far northern California today into this evening, with a few isolated storms possible again across the central Sierra on Friday
 - Stronger storms may produce dry lightning, gusty winds, and some hail
- Elevated fire weather conditions persist over the Sierra and coastal mountain ranges and foothills through the weekend due to breezy conditions and ongoing very dry weather.
 - Any dry lightning will increase the fire risk Thursday and Friday
- Temperatures will steadily warm through the weekend and especially into next week for much of the state, with widespread readings of 100 to 115 returning across the Central Valley and much of interior southern California. Heat will also spread a little farther west toward the coast than the past heat event from last week.
 - High to very high heat risk impacts are likely for many areas by next week

CALIFORNIA WEATHER IMPACTS

Sunday

Monday

Category	Level	Meaning	Category	Level	Meaning
Green	0	No Elevated Risk	Red	3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Yellow	1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration	Magenta	4	Very High Risk for entire population due to long duration heat, with little to no relief overnight
Orange	2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration			

WEATHER OUTLOOK

06/29/21 - 07/07/21

6-10 Day Outlook (June 29 – July 3)

Temperatures

- Above normal temperatures are favored to continue statewide

Precipitation

- Above normal precipitation is favored across much of southeast and interior portions of central California, with near normal precipitation favored for the remainder of the state

8-14 Day Outlook (July 1 – July 7)

Temperatures

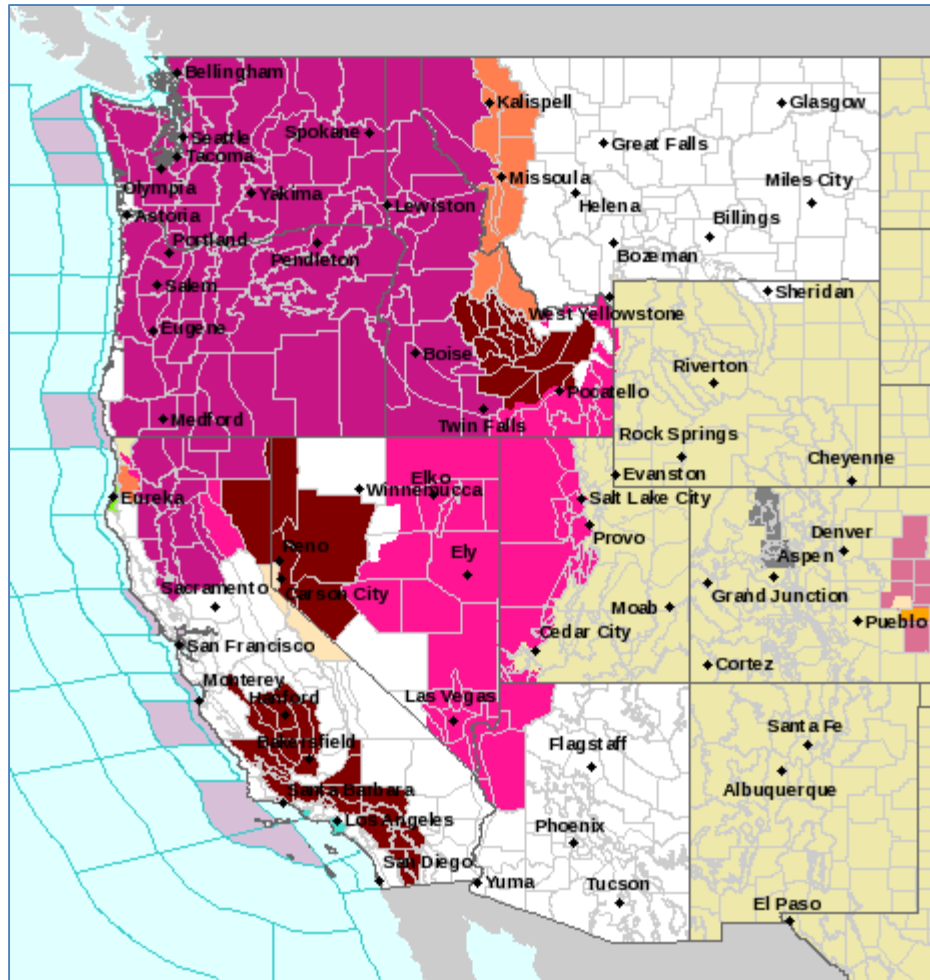

- Above normal temperatures are favored statewide

Precipitation

- Below normal precipitation is favored for far northern California, with near normal precipitation favored for much of the remainder of the state, except areas near the California-Nevada border where above normal precipitation is slightly favored
